

Veterans Memorial

to Honor Veterans from All Wars

Located in Hales Corners Park

With malice toward none, with charity for all, with firmness in the right as God gives us to see the right, let us strive on to finish the work we are in, to bind up the nation's wounds, to care for him who shall have borne the battle and for his widow and his orphan, to do all which may achieve and cherish a just and lasting peace among ourselves and with all nations.

President Abraham Lincoln
March 4, 1865

The Meaning and Symbolism of the Design Concept

- The Five-Pointed Star is chosen to honor the Five Branches of the United States Military-Army, Marines, Navy, Coast Guard, and Air Force.
- The Five Branches are each placed at the Star's Point, equally within a circle so that no branch would be viewed above another. The Five Branches often work together to serve and protect the interests of the United States and its allies.
- As the internal Pentagon focuses inward, the Five Points of the Star reach outward, an invitation along five paths to connect to nature and other points of interest including the Hales Corners Library and the Hales Corners Pool.
- The central Lighted United States Flag on its own five-sided white plinth is symbolic of the sacrifices made by the people of the United States in support of the troops. Inscribed pavers encircle this plinth, where names of families and other groups honor the service of our Nation's Military Veterans.

We need your help to complete our vision!

The Hales Corners Veterans Memorial Committee has completed the architectural drawings for this memorial which will be located in Hales Corners Park.

For the next phase, fundraising will be our focus and we'll need support from the community. It is our intention to have bricks that are sold this winter installed by this spring and summer.

During this time of giving and reflection, what better gift could you give to your family or loved one than a gift that will give back every time you drive past or visit this memorial?
