

(3) LOCATION OF TANNERIES. Erect or maintain a tannery in any location within the Village which is within 6 blocks from a public or parochial school within said Village or in any location where the majority of the buildings within a radius of 6 blocks are devoted to residential purposes.

(4) CUTTING OF WEEDS CAUSING HAY FEVER. Permit the pollination of any grasses or weeds which cause or produce hay fever in human beings. In order to prevent such pollination, none of the following grasses and no weeds of any kind shall be permitted to grow or stand more than one foot high on any premises, to-wit; meadow grass, (poa annua), bull grass (paspalm vasyanum), Bermuda grass (capriola dectylon), smut grass (sporabulus angustus), Johson grass (andropogen halapense), feather grass, (leptochloa filiformia), foxtail grass (chaetochloa glauca) and cockspur grass (panicum crus-galli).

(5) BREEDING PLACE FOR FLIES. Maintain on any premises any accumulation of rubbish, filth or material of any kind whatsoever, that is, or is likely to become a medium for the development of fly larvae, or is likely to become a breeding place for flies.

(6) BREEDING PLACE FOR RATS. Maintain on any premises any accumulation of rubbish, filth or material of any kind whatsoever, that is, or is likely to become a breeding place for rats.

(7) EFFLUVIA IN PUBLIC DITCHES. Construct or maintain any private septic system, which shall emit effluvia, feces, noxious matter or any liquid of offensive smell into any drainage ditch along any public street or highway, or any drainage ditch wherein the public has an easement through which natural surface water drains.

(8) WATER IN PUBLIC DITCHES. Construct or maintain any private water system, well, rain drainage or any drain-tile system, which shall emit water into any abutting or neighboring property. Water may be discharged into a drainage ditch or where the Village has an easement through which natural surface water drains provided that the discharge pipe be terminated at the street, or right-of-way line. If water is discharged onto a State or County highway right-of-way, a permit shall first be obtained from the appropriate agency.

(9) HORSES. Maintain on any premises within a residentially zoned district any one horse on a parcel of land less than one acre, and each additional horse shall require 3 acres.

If any person neglects or refuses to abate the public nuisance in accordance with the written notice provided hereunder paragraph 3, such person shall be chargeable with the expense which may be incurred in the removal thereof, to be collected by suit or otherwise, in addition to the penalty provided.
